

# Alice + Olivia And Tempaper Launch An Iconic Wallpaper Collaboration

The Stace Face Wallpaper

Tempaper

For the past 2 years, Alice + Olivia has actually been one of the most significant names in style and there couldn't be a much better method to commemorate this turning point than by introducing a cooperation with Tempaper. "I appreciate Stacey Bendet's strong and brave approach," states Tempaper co-founder and chief imaginative officer, Jennifer Matthews. "Her powerhouse character and fresh design put her brand name front and . To have an chance to bring that design to Tempaper surrounding their anniversary is an honor."

Alice + Olivia X Tempaper

Tempaper

One of the leading brand names of detachable wallpaper, in some cases called "peel and stick" or "self-adhesive" wallpaper, Tempaper is understood for its stunning styles and partnerships with some of the leading names in style and house consisting of The Novogratz, Cynthia Rowley, Bobby Berk, Nesting With Grace, and Genevieve Gorder.

The partnership with Alice + Olivia functions 4 prints in designs varying from conventional to contemporary with rates beginning at \$45 for a little panel and \$42.99 for a single roll.

## The Prints

Alice + Olivia creator and CEO Stacey Bendet changed a number of the prints from the brand name's Spring 2022 collection into the line for Tempaper. "You might match your clothing to your wallpaper. Collaborating with Tempaper enabled us to bring our spring flower patterns, as seen in our spring style collection, to a brand-new classification with a house interior offering," she informs me.

The most intriguing thing about this cooperation is the declaration it makes about style as a entire. A trendy print can gobeyond 2 extremely various classifications— style and house. Bendet informs me, “As a designer, I constantly goal to develop charm. This collection of wallpapers hasactually been created to bring charm into the houses of individuals worldwide.”

### Rainbow Stace Face Tempaper

#### Tempaper

The Stace Face print is an icon of the Alice + Olivia brandname and hasactually been included on whatever from teeshirts to sweatshirts and bags. Modern and whimsical yet, noticeably advanced, there are 2 Stace Face prints in the Tempaper partnership. “We likewise utilized upgraded variations of the Stace Face in Rainbow Stace and a more creative Stace that can be discovered on a range of items this year,” exposes Bendet.

XOXO Stace functions the elegant black illustration (with simply a touch of red for the lips) versus a white background.

On the other hand, Rainbow Stace is maximalism at its finest with a touch of retro. This appearance is perfect for dining spaces or any space that’s pleading for a dosage of color.

Simply showstopping, both prints quickly change normal spaces into areas with real character. Called “a nod to pop art,” by Matthews— these prints are what plain accent walls are asking for in living spaces, bedrooms, powder spaces, and even house workplaces. What might be a more fascinating Zoom call background than Stace Face?

### Forget-Me-Not Temaper

#### Tempaper

The other 2 prints have extremely various visualappeals. Matthews describes, “The florals will please any vintage minimalist’s dream home. [They] include vibrant character to powder spaces, dining spaces, and bedrooms, however with Tempaper, you can easily design these gorgeous prints in any space or surfacearea that requires enjoyable color.”

True to its name, Forget-Me-Not is rather merely extraordinary. The perfect compliment to navy blue furnishings and fabrics, it makes a grand declaration without being too over the top. Quite just, while Forget-Me-Not is a classic print, it still feels fresh and brand-new.

### Full Look Tempaper

Tempaper

Full Look is a strong yet joyful paisley with green and pink colors. It's vibrant, intense, and the wallpaper equivalent of a tasty tropical mixed drink from a hotel bar. Bendet notes, "I might see the spring paisley garden print in a Palm Beach living space."

## How To Install Tempaper

Unlike basic wallpaper, Tempaper's peel and stick wallpaper does not need expert setup, simply a stable hand and a little bit of perseverance. Matthews states its finest to pre-measure and cut the panels to size. "Start from the middle of the surface area and work your method outwards. Grab a good friend to aid and have enjoyable."

Best of all, Tempaper is simple to eliminate. Just peel it off the wall. It won't leave a residue or damage the wall in any method, making it excellent for occupants, DIYers, or anybody who likes to often modification up the design and decoration of their house.
