The airline company Iberia and the Spanish Red Cross have actually sent out their very first delivery of humanitarian help to Budapest for Ukrainians in the middle of the military dispute.

This very first delivery of 12 tonnes consisted of tarpaulins, blankets and household cooking sets.

The Spanish airline company runs 3 direct flights a week (Mondays, Thursdays and Saturdays) from Madrid to Budapest. Usually, it runs this path with narrow-body airplane (A320 household). But on Thursday, a wide-body airplane (Airbus A330-200) was utilized to boost the freight capability.

“Ukraine is going through an severe circumstance and requires the uniformity and dedication of those who can contribute in any method,” stated Teresa Parejo, Iberia’s director of Sustainability. “Aviation can contribute a lot in emergency situation scenarios like this, and at Iberia, we have actually made ourselves offered to NGOs such as the Red Cross to channel this uniformity as finest we can,” she included.
