Samson Arega, the brand-new USA Regional Director of Ethiopian Airlines, is the visitor on this episode.

On this episode of the *Connected Aviation Intelligence Podcast*, we're signed up with by the brand-new local director for U.S. operations of Ethiopian Airlines, Samson Arega.

After a three-year stint as the nation supervisor of Ethiopian Airlines' Canadian workplace, Arega transitioned to his brand-new position as the leader of U.S. operations for Ethiopian previously this year. Arega supplies some viewpoint on how Ethiopian's air freight operations continue to grow, how the airline company never ever fired any of its staff members throughout the totality of the pandemic, and some viewpoint on the airline company's in-flight Wi-Fi and other brand-new innovations it is utilizing.
